| Product Image   | Product Name                 | Description                             | Capacity                               | Total Head                  | Industry | Building service | Water supply | Drainage/wastewater |
|---|------------------------------|---|--|-----------------------------|----------|------------------|--------------|---------------------|
|    | <b>3(L) SERIES</b>           | Centrifugal pumps standardized to EN733 | Capacity: up to 240 m <sup>3</sup> /h  | Total Head: up to 93.5 m    | ●        | ●                |              |                     |
|    | <b>3D SERIES</b>             | Centrifugal pumps standardized to EN733 | Capacity: up to 138 m <sup>3</sup> /h  | Total Head: up to 71 m (3D) | ●        | ●                |              |                     |
|   | <b>EVMS - EVM</b>            | Vertical multistage pumps               | Capacity: up to 84 m <sup>3</sup> /h   | Total Head: up to 307 m     | ●        | ●                | ●            |                     |
|  | <b>MATRIX</b>                | Horizontal multistage pumps             | Capacity: up to 27 m <sup>3</sup> /h   | Total Head: up to 97 m      | ●        | ●                |              |                     |
|  | <b>CD - CDX(L) - 2CDX(L)</b> | Centrifugal pumps                       | Capacity: up to 15 m <sup>3</sup> /h   | Total Head: up to 71.5 m    | ●        | ●                |              |                     |
|  | <b>DWO</b>                   | Open impeller centrifugal pumps         | Capacity: up to 66 m <sup>3</sup> /h   | Total Head: up to 17.5 m    | ●        |                  |              | ○                   |
|  | <b>CSA/CNA/CNC</b>           | Split casing pumps                      | Capacity: up to 1800 m <sup>3</sup> /h | Total Head: up to 150 m     | ●        | ●                | ●            |                     |
|  | <b>FSDA/GSD</b>              | Motor-driven centrifugal pumps          | Capacity: up to 600 m <sup>3</sup> /h  | Total Head: up to 66 m      |          | ●                |              |                     |
